Royal National Hospital for Rheumatic Diseases  
NHS Foundation Trust, Upper Borough Walls, Bath, BA1 1RL

Light Refreshments from 5.30 pm

Please note there is NO CHARGE for this Event

**Programme:**

6pm **Accessing research funding: from idea to funded proposal-** Dr Paul Ewings  
7pm **Questions and Answer Session-** SRR Expert Panel

The aim of the Question and Answer session is to provide a forum for new and seasoned researchers to seek expert opinion on research problems or emerging ideas. These may be either developmental or relate to work underway.

For example: ‘How would I develop research involving people with a disorder of consciousness?’

To help the expert panel provide more detailed answers, delegates are invited to submit questions/challenges in advance from the 1/12/12 to 28/1/13.

An informal self-funded dinner will follow - all welcome!
