GUIDELINES FOR REFERENCES

PLEASE NOTE: THE RESPONSIBILITY FOR THE ACCURACY OF REFERENCES RESTS ENTIRELY WITH THE AUTHOR(S).

We use the author-date (Harvard) style. References can be generated using the Harvard style via the 'references' tab in Word.

Within the text of the article, include the citation after the sentence, or part of a sentence, that the citation supports, as follows:

(Cousins & Clarke, 2006)

If more than 2 authors:

(Cousins, et al., 2007)

Then list them **alphabetically** at the end of your article with the individual elements in this order:

Author. (Date) *Title*. Publisher, Place of publication.

EXAMPLES:

Book:

Author's Surname, Initial., Year of publication. *Title*. Edition (if not the first). Publisher: Place of publication.

Pope, P., 2007. *Severe and Complex Neurological Disability*. London: Butterworth-Heinemann Elsevier.

Book chapter or contribution:

Chapter author's Surname, Initial., Year of publication. Title of the chapter. In: Initials. Surname, (of book author or editor, in which case follow by ed. or eds.). *Title of the book*. Publisher: Place of publication.
