

Rehabilitation Solutions

YOUR FUTURE, YOUR CHOICE

POSTURE AND SEATING THERAPISTS SELF-EMPLOYED - PART TIME FLEXIBLE HOURS

Due to ongoing success with the company we are looking for additional Posture and Seating Therapists to join our national team.

We are looking for occupational therapists and physiotherapists with expertise in this clinical field.

You need to demonstrate comprehensive postgraduate training in posture management and have experience of working at senior level within either community settings with complex clients or within wheelchair services.

Candidates should have excellent communication skills, accurate report writing and the ability to liaise with other professionals. You should be confident in working independently with children and adults, their families and care teams.

You would be home based and travel to clients within your geographical area.

“Working as a therapist for ILS Rehabilitation Solutions has meant that for the first time, I am able to do the job I trained for. We can assess needs, build relationships with the client, and work to meet needs with less political or financial constraint”

“ILS Rehabilitation Solutions are more client centered, give huge amounts of support, and listen to my clients’ needs”
